Product Bulletin #00129

Subject: TG Lectra Shift and E-Hydra Obsolescence

Date: September 16, 2024

URL: www.munciepower.com

Effective immediately, the Lectra Shift and E-Hydra shift options for the TG Series are obsolete and no longer available.

TG Series shift codes impacted are as follows:

S - Lectra Shift

T - E-Hydra

6 - Lectra Shift (A69 input gear)

These shift codes are no longer available in an assembly. In most cases, the application can still be serviced via another shift option.

Service parts will be available until stock is depleted.

Product literature will be updated to reflect these changes.

Contact Muncie Power Products' customer service for more information.

PTO assemblies: Muncie Power Products will NOT consider parts or units returnable without prior review and authorization.
